

# LA SUSPENSION CLASSIQUE

## MEASUREMENTS

27\*26cm

## MATERIALS

Iron, Copper

## CORD

120cm (Adjustable)

## POWER USAGE

220V

## LED LIFESPAN

50.000+ hours

## DIMMABLE

Not dimmable

## LIGHT SOURCE

E27 included (replacable)

## WEIGHT

3.9KG

## LIGHT COLOR TEMPERATURE

3000K

## IMPORTANT SAFETY INFORMATION:

1. Always turn off the power at the circuit breaker or fuse box before beginning installation.
2. To ensure safety and compliance with local electrical codes, it is advisable to have a qualified electrician or experienced installer handle the installation.
3. Exercise caution when handling, as the iron and copper materials, while durable, require careful attention during setup.

## INSTALLATION

- Turn off the power at the main circuit breaker.
- Securely attach the ceiling plate using the provided screws, ensuring it is level and can support the 3.9 KG weight.
- Connect the fixture wires to the ceiling wires: black (live) to black, white (neutral) to white, and connect the ground wire to the ground connection. Use wire connectors to secure all connections.
- Mount the iron and copper fixture to the attached ceiling plate.
- Adjust the cord to your desired length (up to 120 cm) and ensure everything is securely tightened.
- Install the included E27 LED bulb (replaceable).
- Restore power and test the lighting.

## ADDITIONAL TIPS

- Maintenance: Clean the lamp gently with a soft, dry cloth to keep it in good condition. Avoid harsh chemicals to protect the iron and copper materials.
- Light Temperature: The fixture emits a warm 3000K light, creating a cozy and inviting ambiance perfect for any space.
