Iron

CORD

190cm (Adjustable)

POWER USAGE

220V

LED LIFESPAN

50.000+ hours

DIMMABLE

Not dimmable

LIGHT SOURCE

LED included

WEIGHT

3.3KG / 5.6KG / 6.5KG

LIGHT COLOR TEMPERATURE

3000K

IMPORTANT SAFETY INFORMATION:

1. Always turn off the power at the circuit breaker or fuse box before starting the installation.
2. To ensure safety and compliance with local electrical codes, it's advisable to have a qualified electrician or experienced installer perform the installation.
3. Exercise caution while handling the iron material, as it is sturdy but requires careful handling during setup.

INSTALLATION

- Switch off the power at the main circuit breaker.
- Secure the ceiling plate with the provided screws, ensuring it is level and capable of supporting the weight (3.3 kg for 32 cm, 5.6 kg for 52 cm, or 6.5 kg for 42 cm).
- Connect the fixture wires to the ceiling wires: black (live) to black, white (neutral) to white, and connect the green/yellow (ground) wire to the ground connection. Ensure all connections are properly secured with wire connectors.
- Attach the iron fixture to the mounted ceiling plate.
- Adjust the cord to your desired length (up to 190 cm) and ensure everything is securely fastened.
- Install the included LED bulb (which is replaceable).
- Restore power and test the lighting.

ADDITIONAL TIPS

- Maintenance: Use a soft, dry cloth to gently clean the lamp. Avoid harsh chemicals to maintain the iron finish.
- Light Temperature: This fixture emits a warm light at 3000K, creating a cozy and inviting ambiance suitable for any room.
