

# LE NŒUD BOHÈME

## MEASUREMENTS

35cm diameter / 20cm height

45cm diameter / 26cm height

55cm diameter / 31cm height

65cm diameter / 37cm height

## MATERIALS

Rope weaving, Hardware

### POWER USAGE

220V

### LED LIFESPAN

20,000 hours

### DIMMABLE

Not dimmable

### LIGHT SOURCE

E27 Included (replacable)

### WEIGHT

1.5KG / 1.62KG /  
1.8KG / 2KG

### LIGHT COLOR TEMPERATURE

3000K

## IMPORTANT SAFETY INFORMATION:

1. Turn off power at the circuit breaker or fuse box before beginning installation.
2. For safety and compliance with local electrical codes, it's recommended that installation be conducted by a qualified electrician or experienced installer.
3. Handle with care. The rope-weaving components are delicate and should be handled attentively during installation.

## INSTALLATION

- Turn off power at the main circuit breaker to ensure safety.
- Secure the ceiling plate with the provided screws, ensuring it's level and firmly attached to support the weight of the fixture (1.5 - 2 kg, depending on size).
- Connect the fixture wires to the ceiling wires: black (live) to black, white (neutral) to white, and green/yellow (ground) to the ground wire. Use wire connectors to secure all connections.
- Attach the rope and hardware fixture to the mounted ceiling plate, ensuring all connections are secure.
- Install the included E27 light bulb (non-dimmable, 3000K color temperature).
- Restore power and test the lighting to complete installation.

## ADDITIONAL TIPS

- Gently clean with a soft, dry cloth to maintain the lamp's appearance. Avoid harsh cleaning agents to protect the rope weaving and hardware.
- The lamp provides a warm light at 3000K, creating a soft, cozy atmosphere ideal for intimate spaces.
